

BRASARTE PRESENTS:

**SF BAY AREA
BRAZILIAN DAY FESTIVAL**

SUNDAY, SEPTEMBER 2, 2018

10:00 AM – 7:00 PM

OVERVIEW:

It is one of the few arts and cultural organizations in the San Francisco Bay Area with a focus specifically on preserving the traditional dances and music of Brazil. BrasArte focuses on providing classes events and activities that enrich the lives of both Bay Area residents with Brazilian roots and those with an interest in discovering more about Brazil's extensive traditions. Together, with United Capoeira Arts Foundation (UCA), they are housed at Casa de Cultura in Berkeley, CA.

In it's fifteenth year, BrasArte's Brazilian Day Festival is the crown jewel among our numerous annually hosted events. It pays homage to two major celebrations in Brazil – Brazil's Independence Day and a recreation of a *Lavagem* – a cleansing ceremony using song and dance that dates back to slavery when women washed the steps of the church for the festive mass on Sundays in Salvador. The most famous *lavagem* is held at Our Lord of Bonfim Church in Salvador, Bahia.

The festivities unfold in Berkeley as a street party and feature a musical procession, capoeira and dance demonstrations, live music, Brazilian food and craft booths, and a samba circle. The event brings together Brazilians living all over the San Francisco Bay Area and Americans of all ethnicities to celebrate the long-practiced traditions of Afro-Brazilians in Brazil.

MISSION:

The goal of Brazilian Day Festival 2018 is to promote the cultural diversity and the rich folklore of Brazil, arousing the interest of the American public to explore all of the cultural possibilities offered by this culture while at the same time, financially supporting BrasArte's social responsibility to provide children of the local community with free visual and performing arts classes.

WHY SPONSOR?

Your corporate presence at the festival will be an excellent opportunity to associate your company with this very successful homage to Brazilian culture and be part of a growing union between Brazil and the United States.

Brazil is the fifth-largest country and the seventh-largest economy in the world. Brazilian tourists are the third highest consumers while in the United States. This festival will seek to further enhance Brazil's international reputation as an economic and cultural powerhouse and presents an opportunity for sponsors to associate themselves with the Brazilian culture.

Our event has a public estimated between 6,000 to 8,000 throughout the day and has attracted modest media coverage in the past years. The event is largely publicized in ethnic media and traditional social media, as well as other medias (Whatsapp groups, for example). The festival has grown considerably over the years. We project that it will grow exponentially each year as word of the success of this annual festival spreads throughout SF Bay Area. In addition, Casa de Cultura, sees a rolling audience of 400 people on weekdays and 300 people during the weekends - all of whom are students of capoeira and Brazilian traditional arts. More than 90% of this audience is American of all ages and has often included three generations of the same family. Casa de Cultura attracts people from across the Bay Area from as near as UC Berkeley and as far as San Jose and Sacramento.
